

Miss your families, friends and usual freedoms during lockdown?

Did you know there are 30,000 people within the Bellarine and other Australian communities who have fled persecution in their homelands and are blocked from ever seeing their families and the freedom to seek permanent refuge In Australia?

Under Government Policy, they have:

- ◆ NO security: they must continually re-apply for refugee status.
- ◆ NO permanent home.
- ◆ NO right to unite with their parents, children or families.
- ◆ NO recognition of their contributions to Australia over the last 8 years. They pay taxes if they have a job.
- ◆ NO chance to become an Australian citizen.
